

Electing candidates with integrity, experience and wisdom

I am a conservative, a pastor, and a concerned citizen who has taken the time to research the candidates for election on February 2nd, 2010. My prayer was simple, "God show me the candidates with integrity, with experience, and with wisdom given by God, to get this state and country out of the mess we are in and back to following your decrees." Through faith, I have met many people who are the ones to do it. I have prayed for these candidates for many months and I simply ask that you help by spreading the word, from email to email. Some of these candidates have been labeled as "too conservative" or "not enough money." The fact is the "parties and the corrupt money will not buy an election if we don't let them. If people of faith and character will look at these candidates I am for sure they will come to the same conclusion. They have the experience. They have integrity. They ask God for guidance, they are free of corruption and are not financially indebted to corrupt career politicians.

I am simply a concerned conservative pastor wanting to change the future for my grandchildren. If we work together, within three days we can reach the entire state and inform the voters of true integrity. What we are asking is to please forward this message to every man and woman of faith in your email base.
