

Randy White is a hard working, devoted, passionate, Christian man. I've known Randy for several years, first as my Pastor, then as my friend, and now as a fellow County Board member. Randy is totally committed to Christian based family values in his life as well as his work, he is pro life, and believes that marriage is only between a man and a woman. I know of no one who will work harder for the causes they believe in than Randy White. I am honored to have him as a friend, and wholeheartedly support him in his bid for the office of Lieutenant Governor of the state of Illinois.
